HISTORY

There is rejoicing tonight in many homes, and well there should be, for the brave and courageous band of travelers that set out four years ago to conquer the perils of the dark and treacherous jungles of "Senior Land" has returned bearing wondrous tales of escape and adventure.

On a September day in 1950, we, a party of adventurers, packed our bags and started out, little knowing if we would ever again see friends and home. Here we have a picture of ourselves as we were ready to bid farewell to all we held dear.

That morning a number of dark forms were observed sneaking in the direction of "The High School." Our caps were pulled low on our brows, and "Witnesses" testify that we, very plainly, hoped to pass unobserved. The timid ones were Juanita, Loretta and Eunice. "Poor things!" No wonder, they were bathed in bashfulness!

It was their first day as Freshmen. We began our freshman year with twelve other students.

Mr. E. A. Long and our party of fifteen conquered the "Freshman Land" with little trouble. The way was easy, as the vines and branches were just beginning to grow. The beginning subjects were Citizenship, Industrial Arts, Mathematics, English and Home Economics. They prepared us for the thicker parts of the jungle.

During the journey through Sophomore Land, the jungle began to thicken. The branches became tangled with Mathematics and English, but with the help of Mr. Long, we worked harder to clear the path to "Junior Land."

We reached "Junior Land" with a new sponsor and two new members. We were within a year of our goal, "Senior Land," and with the help of Mr. W. C. Hill, we learned to cope with the many hardships along the way. We began to accept more responsibility than in previous years. History

and Sociology were added to our studies.

Well, at last, we reached the "Glorious Senior Land." That was the happiest and also the saddest day of the whole trip. In "Senior Land" we had a choice of three elective subjects, shorthand, typing and chemistry. Mr. Hill guided us through the "Government Storm" and started us toward the "Biology Path." We have conquered the four lands and now we must adjust ourselves to the outside life and began to plan for the future.

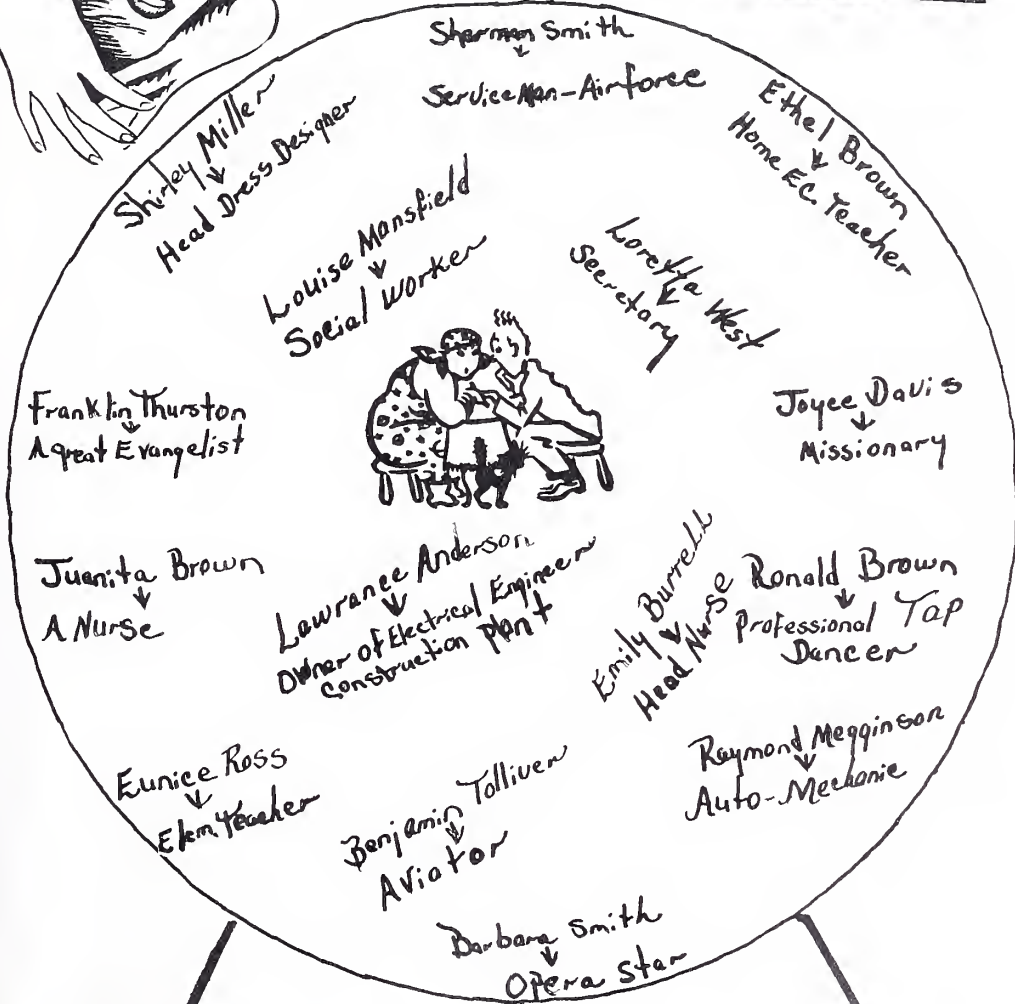

If we work hard, we will fulfill our plans and achieve a lasting reward.

"SWEET HEARTS"

By Juanita Brown

WE WHO ARE NOT SATISFIED

Our band is few but true and proud
For the battle we have won;
But we must struggle on and on
For the real battle has just begun.

The battle which we face today,
Should be fought with the weapons of yesterday.
Our weapons are physical and mental skill
Which the foes of the first battle build.

Our task, now, has just begun
Toward the battle that must be won.
We need some one to lead and guide,
To where some one is unsatisfied.

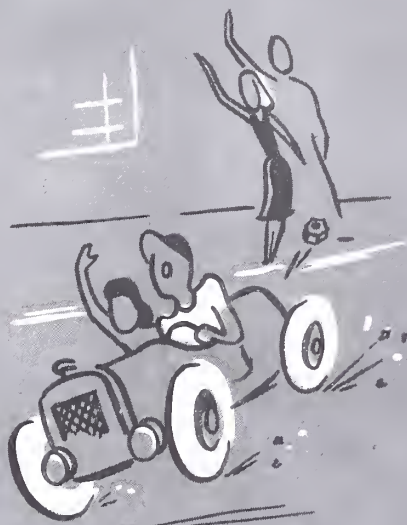

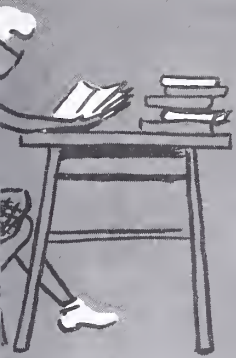

It's not what we have, but what we use;
Not what we see, but what we choose;
Not what seems fair, but what is true;
Not what we dream, but what good we do.
These are some things that ~~may~~ or bless
The sum of human happiness.

ATHLETICS

THE DRAGONS' OF '53

The Jefferson High School Dragons had a highly successful season this year. Never in the history of the school has a more spirited, sportsmanlike team ever performed on the gridiron for Jefferson than this fine squad of '53. The Dragons won five games and lost one, thus ranking third in the Western District Virginia Interscholastic Athletic League. (V. I. A. L.) Coaches J. G. Williams and G. Goode are to be highly commended for their leadership and conscientious efforts.
